CUTTING INSTRUCTIONS

- Before cutting your fabric, measure the square that we drew of standard-size paper and tape the pieces together, or print out a scale Fashion pattern (36" or wider). Plain drape offset line sections for approximately 10 ft (if available in 5 ft sections) and tape together.
- Once your pattern is printed, cut along the outermost rectangle. Measure square dimensions and position on all sections as shown in the diagram. Tape together. Measure square dimensions and position on all sections as shown in the diagram. Tape together. Measure square dimensions and position on all sections as shown in the diagram. Tape together
